

# BALLROOM

SAMPLE A - 72 GUESTS

64 AT ROUND TABLES OF 8 + HEAD TABLE OF 8 = 72 GUESTS

NOTE: Even though round tables of 8 are standard, it is possible and comfortable to sit 10 people per round table - this could easily increase the guest count in the space while still keeping the layout of the room similar. Layout illustrated is based off a past event and is for example purposes only.  
100 Guest Capacity.
